COMPANY PROFILE

Valves & Bolting Specialist

for Steel, Petrochemical & Industrial Plants

GLOBALGOODS SOLUTION (OPC) PRIVATE LIMITED is an India-based supplier of **industrial valves** and **stud bolts & nuts**, with plant spares and rubber products for the same plants. We understand plant procurement from the buyer's side: exact specifications, complete documentation and on-time delivery.

70+	Class 125–2500	M03–M100	EN 10204 3.1
EXPORT SHIPMENTS	VALVE RANGE	BOLTING RANGE	MILL TEST CERTIFICATES

CORE LINE 01

Industrial Valves

Gate, globe, check, ball, plug & butterfly valves from US (supply agreement) and Indian manufacturers.

CORE LINE 02

Stud Bolts & Heavy Hex Nuts

ASTM / DIN / ASME studs and nuts made by Ferrobend, Mumbai (Letter of Authorization held) and qualified partners.

APPROVED VENDOR TO

Customer	Industry	Vendor / Supplier No.
Hadeed (Saudi Iron & Steel Co.)	Steel	30001314 · repeat supplier
SABIC	Petrochemicals	11057919
Ma'aden	Mining & Metals	20231153
Advanced Petrochemical Company	Petrochemicals	201496
Bapco (Bahrain)	Refining	100143

WHY CHOOSE US

- **Specialist focus** — offers technically right the first time
- **Full documentation** — 3.1 MTC, test reports, certificate of origin
- **Approved vendor** — to major Gulf steel and petrochemical companies
- **On-time delivery** — seaworthy packing, tracked to your plant or port

CERTIFICATIONS & REGISTRATIONS

- ISO 9001:2015, valid to Oct 2028
- IEC & DGFT registered exporter · CIN U82990KL2024OPC085850
- Preferential Certificate of Origin under India–UAE and India–Oman CEPA
- Third-party inspection on request

CORE LINE 01

Industrial Valves

Valves are supplied to the buyer's exact specification from qualified manufacturing partners in the **USA** (under supply agreement) and **India**: the correct pressure class, material grade, end connection and certification for each requirement.

Gate Valves

Cast and forged steel, Class 125–2500, bolted bonnet and pressure seal designs.

Globe Valves

Flow regulation and throttling service in carbon, alloy and stainless steel.

Check Valves

Swing, lift and dual-plate designs to prevent backflow in process lines.

Ball Valves

Full and reduced port, floating and trunnion mounted, flanged or threaded.

Plug Valves

Sleeved and lined plug valves for 2-way, 3-way and multi-port service.

Butterfly Valves

Lug and wafer style, double-offset and PTFE-lined, lever or gear operated.

ACTUATION — Rack & pinion and scotch yoke, double-acting or spring-return, with positioners and limit switches.

MATERIALS — WCB, WC6, WC9, CF8M, CF8C; Duplex, Alloy 20, Monel, Inconel, Hastelloy on request.

VALVE SPARES — Bushes, diaphragms, seats, seals and gaskets to OEM drawing or sample.

STANDARDS & DOCUMENTATION — ASME B16.34, API 600, API 6D, API 598 testing reference; full Material Test Certificates with every valve shipment.

TYPICAL APPLICATIONS

Steel Mills | Oil & Gas | Petrochemical Processing | Refining | Power Generation | Water & Wastewater | Industrial Piping Systems

WHY SOURCE VALVES WITH US

- US-made and Indian options per requirement
- Specification-matched, not stocked substitutes
- Material Test Certificates with every shipment
- Shipped together with your bolting orders

SEND WITH YOUR RFQ

- Size, pressure class and end connection
- Body / trim material and service medium
- Required standard and certification (API / ASME)
- Datasheet, drawing or OEM part number if available

CORE LINE 02

Stud Bolts & Heavy Hex Nuts

Heavy-duty bolting for pressure flanges, rolling-mill machinery and structural connections. Manufactured by **Ferrobend, Mumbai** (Letter of Authorization held) and qualified partners, to ASTM, DIN and ASME standards.

Stud Bolts

Fully threaded and double-ended studs for flanges, heat exchangers and machinery.

Heavy Hex Nuts

ASTM A194 nuts matched to stud grade, including sour-service grades.

Threaded Rods & Machine Studs

DIN 2510 reduced-shank studs and threaded rod made to OEM drawing.

GRADES WE SUPPLY

Product	Standard / Grade	Typical Service
Stud bolts	ASTM A193 Gr. B7 / B7M / B16	Flanges; high-temperature service (B16); sour service (B7M)
Low-temperature studs	ASTM A320 Gr. L7	Cryogenic and low-temperature piping
High-alloy studs	ASTM A453 Gr. 660; Inconel, Incoloy	Turbines, high-temperature and corrosive service
Machine studs	DIN 2510; 1.7258 (24CrMo5) / 1.7218	Rolling mills, downcoilers, heavy machinery
Heavy hex nuts	ASTM A194 Gr. 2H / 2HM / 7	Matched to stud grade

M03–M100
SIZE RANGE

B18.2 / B16.5
ASME DIMENSIONS

NACE MR0175
SOUR SERVICE AVAILABLE

COATINGS — Hot-dip galvanized, zinc-nickel, PTFE / Xylan, as per specification.

DIMENSIONS — ASME B18.2.1, B18.2.2, B16.5 / B16.47, B18.31.2, DIN 2510.

PROVEN IN STEEL PLANTS

We supply DIN 2510 double-ended studs (M30 and M36, 24CrMo5) to Hadeed's rolling-mill equipment on a repeat basis, made to OEM drawing with tightening instructions observed. Flange kits (studs, nuts and gaskets per flange) available for shutdowns.

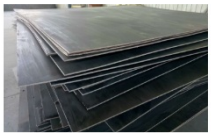

ADDITIONAL SUPPLY RANGE

We Also Supply

Plant spares and industrial materials to the same standard, including OEM parts with unknown part numbers, made to the buyer's drawing or sample.

Bronze Bushes
Machined to OEM drawing.

Wear Plates & Plates
Cut to drawing and grade.

Pipe & Tube Fittings
SS and brass fittings.

Bearings
Roller, ball and rod-end.

Bolts & Screws
Structural and mill-grade.

Washers
Flat, spring and hardened.

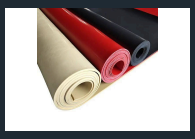

Round Bar
Standard mechanical grades.

Anchor Bolts
Anchor and eye bolts.

RUBBER SHEETS & GASKETS

Rubber sheets in rolls and gaskets cut to size: NBR, EPDM, SBR / NR, Neoprene, Viton, Silicone; 1–50 mm, 40–90 Shore A. Separate catalogue available on request.

HOW WE WORK

From RFQ to Delivery

01 — RFQ Review
Requisition, datasheet, grades and standards checked.

02 — Quotation
Techno-commercial offer with maker, delivery and Incoterm.

03 — Production & Inspection
Follow-up, pre-dispatch checks and 3.1 MTC.

04 — Packing & Documents
Seaworthy packing, invoice, packing list, COO.

05 — Delivery
Sea or air to your plant or port; Ariba invoicing if required.

INDUSTRIES SERVED

- Steel & Metals
- Oil, Gas & Petrochemical
- Power & Desalination
- Mining & Minerals
- Fertilizers & Chemicals
- Shutdown & MRO
